35209 Cricklewood Blvd.  
New Baltimore, MI 48047  
(586) 648-7132

The Safety Source, LLC is a WBENC Certified Woman Owned Business

## Control Management:

The MRO / Safety Vending Solutions Dispenser is our automated dispensing and inventory control system based on age-old proven vending machine technology, combined with the enormous power of computers available today.

### More Accountability Means Less Waste:

The Tool / Safety dispenser reduces the usage of daily consumables and overall costs through employee accountability, accurate inventory management and improved employee efficiency. Employees can now step up to the dispenser right on your shop floor, choose only the items they need and go right back to work without a supervisor or inventory manager having to stop their productive work to dispense supplies.

- **Reduce Product Shrinkage:** The software tracks each employee usage and can limit their access to supplies based on their job, department or the time of day. You can limit an employee to what they should use in any given period.
- **Increase Employee Efficiency:** The dispensers have the durability and capability to hold a large stock of items. The machine can be located right on your shop floor. Employees have a quick and easy access to all the supplies they need without having to walk over to a parts storage area or get a supervisor to get the items.
- **Reports- Reports- Reports:** Almost anything you need to know can be viewed in the available reports. Hundreds of report variations can give you information on specific product usage, type of product, by employee, by machine for any date period, etc.
- **Reduce Supervisor/Safety Manager's allocation time:** Ask yourself how many man hours your supervisors and/or safety department personnel spend handing out and procuring supplies. You will see an immediate reduction in their time performing these duties thus making them much more productive to your bottom line.

## Equipment Make, Model & Features:

### **CRANE GPL Model 181 Safety / Tool Controlled Access Dispenser**

- 5 - 7 Shelves offering 6 - 12 facings per shelf with 5-20 items per selection.
- 30- 60 product facings overall
- Capacities range from 300 – 600 items per machine and depend on the product size and thickness.
- Reader unit with pin pad identification for internet connection
- Lock and keys.
- Adjustable shelving to accommodate product changes.

***The Safety Source will provide one Crane GPL Model 181 Vending machine at no charge with a 24 month signed agreement.***

1. The Safety Source LLC will provide one unit at no charge and will absorb the monthly web access fee with a 24 month signed agreement that The Safety Source, LLC will need to retain the supply contract for any and all items that are inventoried in the machine and any and all PPE supplies required by customer. The Safety Source, LLC will contract prices for current PPE items for 2 years with a price review for the 3<sup>rd</sup> year. Barring any unforeseen global changes in foreign currency or crop production related to cotton and/or leather goods PPE prices will be honored for the 3 year of the contract. No set up charge for installation of one unit. After 3<sup>rd</sup> year contact will automatically renew for another 24 month term with an item pricing review.
2. **Ownership and Default:** The Safety Source, LLC will maintain full and exclusive ownership of vending solutions equipment. Failure of the Customer to comply with the agreed Purchase Commitment listed below or timely payment of product invoices and any fees will be considered a default under this agreement and The Safety Source, LLC has the right to terminate and remove the vending solutions equipment from Customer site.
3. **Taxes/ Expenses:** Customer is responsible for any state, federal or local use taxes related to the vending solution equipment. The Customer shall provide all electrical and internet connections required for operation at no cost to The Safety Source, LLC. Customer may be subject to additional costs if connections are not provided upon installation.
4. **Assignment:** Customer may not assign, remove, or attempt to sell or transfer any vending solution equipment to another party or property without The Safety Source, LLC permission.
5. **Ongoing Web Access Fees:** First machine and possible second unit- \$ 0.00 per month
6. Each additional machine (same building) - \$ 80.00 per month.

**Warranty:** One year manufacturer's parts warranty

**Machine Facing Customization: (optional cost)**

Each machine can be customized with their company colors / logo.

### **COST AVOIDANCE PROGRAM FOR ADDITIONAL VENDING MACHINES**

**The Safety Source, LLC offers two programs to avoid the initial buy in cost of new MRO Vending Machines.**

1. Partner with our vending machine manufacture (Vendtek) on your food/cafeteria vending needs and we will provide 2 additional PPE/MRO vending machines at no charge.
2. The second way to avoid any buy in costs of additional machines - increase your current monthly spend with The Safety Source by a minimum of \$3,000 per month per unit and The Safety Source, LLC will provide you with 1 additional machine. The Safety Source, LLC will meet with customer to review monthly usages. The Safety Source, LLC may remove any additional units if the increase purchase requirement is not being met the cost of the machine will be charged back in the amount of \$7,500.

**Payment Terms for all purchases: Net 30 days after invoice date. Failure to make payments in agreed terms will result in The Safety Source, LLC placing customers account on credit hold and possible removal of vending solutions equipment. Blanket purchase orders will be required for any items dispensed through vending solutions equipment.**

**Card Swipe Availability:** Most location employee cards can be used to make the system work for identification.

**Employee PIN Number-** Unit as quoted works with an employee PIN number

**Key Fobs-** Unit will operate with employee PIN number or you may use key fobs (\$9.00 per fob) with or without PIN number.

**Card Usage-** Unit can work with employee cards that are Mag strip, Bar code or Prox cards all with or without an employee PIN for double security.

**24 Month pricing agreement for PPE items that could be inventoried in vending machines. Any other PPE / MRO items that may be considered for the vending solutions will be need to be quoted by The Safety Source, LLC.**

**SUPPORT SERVICES: *On Site Delivery - Set up - Training*** The benefits with us being there are to walk you through the loading process, showing how to modify the shelving for the future, checking into any IT problems, and making sure the system is fully operational before we leave. In some cases the product that goes into the machines can change from when it was originally planned, which may require on site modification. We will provide training for your onsite administrator who will be responsible for adding and deleting employees, increasing/decreasing mins/maxs that might be changed and other various administrative functions associated with maintaining the unit.

**Repair Service:** Beyond the warranty period, we offer “on site” service if the problem cannot be handled over the phone. Our minimum “on-site” service charge is \$ 185.00 (which includes the first hour of timed labor) each additional hour of timed labor is billed @ \$ 80.00 per hour. If the machine is damaged by a Magna Detroit Seating employee or temporary employee Magna will be responsible for any and all costs associated with materials and labor required to repair the machine. The Safety Source, LLC agrees to be responsible for standard maintenance of the units, excluding damage or destruction caused by Customer negligence- Customers total liability not to exceed \$7,500 per unit. The Safety Source, LLC will provide insurance to cover its liability for personal injury or property damaged in connection with installation of the vending solution units.

**Tech Support Services:** Monday through Friday, from 7:30 am – 4 pm we have a 1-800 service support tech line for over the phone support (free of charge for the life of the equipment). We can accommodate most service related issues this way.

**Shipping/Delivery:** Within 5-6 weeks of purchase order being provided along with a signed 24 month agreement. No shipping or delivery charges as long as electrical and internet connections are provided.

Customer will provide written notice no less than (90) days prior to the end of any renewal term. All previous applied terms and conditions will continue. The Safety Source, LLC will not be responsible or liable for any loss, damage, expense or claim incurred by Customer arising out of the Customer's use of the vending solutions equipment. The Safety Source, LLC maximum liability and sole remedy will be the refund of the fees paid by Customer during any prior 12 month period under this agreement. This agreement shall be binding upon the parties, hereto, their heirs, personal representatives, administrators, successors, and assigns. This agreement will be governed and interpreted under the laws of the State of Michigan. Parties certify authority to enter into this agreement. Each party acknowledges that they have read and understand this agreement and hereby executes the same.
