

Specification Sheet

14421

PRODUCT DESCRIPTION:

DuraPlugs™ Banded Earplug

- Super-soft, slow-recovery conical shape foam
- Round ear caps are comfortable for long time wear.
- Noise Reduction Rating (NRR): 22 dB
- Compliance with ANSI S3. 19-1974
- Each pair individually wrapped, 1 set of replacement buds are included
- Good for food processing industry

Additional replacement available:

- Replacement pods: REP21

Packaging: 20 pairs/polybag
 20 polybags/box
 10 boxes/case

EPA INFORMATION:

The level of noise entering a person's ear, when a hearing protector is worn as directed, is closely approximated by the difference between the A-weighted environmental noise level and the NRR.

Example:

1. The environmental noise level as measured at the ear is 92 dB(A).
2. The NRR is 33 decibels (dB).
3. The level of noise entering the ear is approximately equal to [92 dB(A) -33] 59 dB (A).

CAUTION: For noise environments dominated by frequencies below 500 Hz, the C-weighted environmental noise level should be used. Improper fit of this device will reduce its effectiveness in attenuating noise. Consult the enclosed instructions for proper fit. Although hearing protectors can be recommended for protection against the harmful effects of impulsive noise, the Noise Reduction Rating (NRR) is based on the attenuation of continuous noise and may not be an accurate indicator of the protection attainable against impulsive noise such as gunfire.

TECHNICAL DATA:

Material: Polyurethane foam

Color: Orange

Sizes: One size only

Packaging: 1 pair/polybag
 40 polybags/box
 10 boxes/case

Registration Number (RN#): 78713

Country of Origin: Taiwan

Harmonization Code (HTS#): 3926.90.9980
