

#256 AroMax 256

One Step Disinfectant

Product Description:

AroMax 256 is a neutral, super concentrated, one-step, disinfectant cleaner, viru-
cide, mildewstat, fungicide and deodorizer for use in health care, schools, veteri-
nary, food handling and processing areas and much more. AroMax 256 kills 99.9%
of germs. This economical, no rinse formula uses only 1/2 oz. per gallon of water
(2 oz. per gallon of water to effectively kill Canine Parvo). AroMax 256 meets the
OSHA Bloodborne Pathogen Standard. It kills H1N1, HIV, HBV, HCV and more.
See efficacy data for complete list of kill claims. Proudly made in the USA.

Where to Use:
