

HeatArmor®

5060

HexArmor®

Built to handle extreme heat applications such as stick welding, HexArmor's HeatArmor® 5060 gloves are purpose-built with industry-leading protection, fit, comfort, and longevity.

The 5060 features an aluminized aramid construction with cowhide leather palm with our revolutionary, long-lasting HeatHide® leather treatment technology while an interior wool/aramid/cotton blend liner delivers 360° cut protection – allowing you to switch applications without switching your gloves.
