

Technical Data

Color	Silver
Sizes Available	OS
Packaging	Boxed
Packed	20/Case
Case Weight (lbs)	0.00
Country of Origin	United States
Anchor Type	Concrete Anchor
Connector Type	Steel
Certifications	TAA Compliant
Anchorage Connectors Rated For	22 kN (5,000 lbs)

Miller®

Permanent D-Bolt Anchor

- Made from drop-forged alloy steel for enhanced durability, to withstand harsh conditions
- Single D-ring design configuration for secure attachment to a single anchorage point
- Permanent installation, suitable for concrete applications
- Designed for up to 4-inch (102 mm) working thickness
- Tensile strength rated for up to 5,000 lbs.
- Supports up to 400 lbs, accommodating a wide range of workers and equipment
- Meets ANSI A10.32, ANSI Z359.1-2007, OSHA 1910.66, and OSHA 1926.502(d) standards
