

HELIX® 3013IMP

HexArmor®

Innovation intertwined with safety. That's the DNA of the Helix® Series. The eco-friendly Helix® 3013IMP features an incredibly dexterous fiberglass-free 18-gauge recycled knit shell and delivers 360° level A6 cut protection.

The back-of-hand features an all-new, high-flex impact technology exclusive to HexArmor® that has up to a 30% lower profile than competitors and provides level 2 protection, while the polyurethane coating of the Helix® 3013IMP provides superior grip in dry, or wet conditions.
