Turns Everyday Shoes Into On-The-Job Safety Footwear

Companies Concerned With Foot Injury Hazards Have An Affordable Solution For Visitors Or Workers Who Require Steel Toe Protection

Tingley Rubber has produced the industry's first injection molded PVC steel toe overshoe. Made to fit snug over most shoe styles, our 100% waterproof seamless construction protects shoes from damage caused by site chemicals, contaminants, and wear.

- Molded in oversized toe cap accommodates most shoe styles and exceeds ASTM F 2413-05 M/I/75/C/75.

- Injection molded 100% waterproof protection.

- Easily slips on over the bulkiest work shoes. Pull on tab and heel kicker for easy on and off.

- No hardware to conduct, tear, or snag, which helps prevent slips and falls.

- Injection molded for more material in high wear point areas and less material in the upper to reduce weight.

- Special Frigiflex® PVC compound provides long wear, and flexibility in cold temperatures.

- "ShoeLocks" molded into the vamp and above the heel counter help insure a proper fit for a variety of footwear styles.

Tingley's steel toe overshoe protects the user's toes and shoes!

Cleated Outsole:
Spits out debris providing excellent slip resistance. Wedge sole design is roomier to accommodate wider, thicker outsoles with either wedge or conventional heel construction.

STEEL TOE OVERSHOE
