

safety eyewear MX225

The perfect blend of comfort, fit, performance, and style, the MX225 features a redesigned, lightweight frame combined with a wraparound lens design for all-day comfort and performance. The durable frame includes soft, low-pressure side arms in a breathable DNA shape that delivers excellent flexibility, ventilation, and grip. The MX225 is complete with permanent anti-fog and scratch resistant coatings that won't wash off over time.

Protective devices do not provide unlimited protection. Some operations may require machine guards, face shields, special filter lenses, or other safety equipment. Safety eyewear does not provide complete protection against hazards, and should only be used in conjunction with the prescribed safety equipment for the application as well as defined safety practices.

UVEX SAFETY GROUP GmbH & Co. KG, parent company of HexArmor®, has achieved a Gold EcoVadis Rating, placing us in the top 5% of sustainable suppliers globally.
