

BH26G

This removable foam gasket is designed to be easily clipped into the Sawfish™ glasses frame with just two snaps.

*Optional see below

Lens High-Definition (HD) Performance Fog Technology (PFT)

Frame Crystal Gray

Description

The Sawfish™ is a dielectric ultra-light full-frame design that boasts chiseled lines and sleek curvature. Featuring inset TPR on the nose bridge and temple ends, the Sawfish™ is truly adaptable to any environment. The BH26322PFT also features a High-Definition (HD) Performance Fog Technology (PFT) lens. Thanks to its chemical and physical properties, Performance Fog Technology is an anti-fog lens coating that is permanently bonded to the lens to prevent the formation of condensation on the lenses by absorbing the humidity drops.

BH26G - Optional foam gasket for all Sawfish™ styles.

Technology

All Bullhead Safety® Eyewear is made from 100% virgin materials. This style features lenses and frames constructed with the highest quality polycarbonate.

Features

- High-Definition (HD) Lenses: Designed to enhance visual contrast and reduce eye fatigue, this lens balances brightness and contrast perfectly, ensuring relaxed vision across changing light conditions. The HD lens has exceptional clarity in both indoor and moderate outdoor environments
- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and evenly disperse it, providing clear, fog-free vision
- Precision lenses block blue light rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure
- The violet-rose tint filters blue light, softens glare, and sharpens detail. Ideal for precision tasks, yet equally comfortable for everyday outdoor use
- Dielectric/nonconductive construction
- Lightweight full-frame design

 Z87+ MEETS ANSI/ISEA Z87.1-2020 STANDARDS	 MEETS ANTI-FOG STANDARD	 ARC FLASH TESTED TO 35 CAL/CM²	 FREE FROM METAL COMPONENTS	 ERGONOMIC FIT RELIEVES PRESSURE	 ANTI-SCRATCH HARD COAT TREATED LENS
