

**BH26G**

Optional foam gasket for Sawfish™ style glasses  
\*Optional see below

## LENS Blue High-Pressure Sodium (HPS) Blocker

## FRAME Matte Black

### DESCRIPTION

The Sawfish™ is a dielectric ultra-light full-frame design that boasts chiseled lines and sleek curvature. Featuring inset TPR on the nose bridge and temple ends, the Sawfish™ is truly adaptable to any environment. These glasses feature lenses specially designed for protection against high-pressure sodium (HPS) light sources that output higher intensity light compared to standard lighting/sunlight. Bullhead Safety® grow room safety glasses offer maximum protection from this harmful lighting, so indoor gardeners/farmers can focus on their crops, not eye strain, headaches, and dizziness.

BH26G - Optional foam gasket for all Sawfish™ styles.

### FEATURES

- Color corrective lenses filter excess lighting to reduce eye fatigue, headaches, and dizziness inside indoor grow rooms using HPS lighting
- Dielectric/nonconductive construction
- Lightweight full-frame design
- Inset TPR nose bridge and temple ends
- Meets ANSI/ISEA Z87.1 high impact standards

### TECHNOLOGY

All Bullhead Safety® Eyewear is made from 100% virgin materials. This style features lenses and frames constructed with the highest quality polycarbonate.

EXCEEDS ANSI Z87.1 2020 STANDARDS

ERGONOMIC FIT RELIEVES PRESSURE
