

## LENS Blue Mirror Performance Fog Technology Polarized

## FRAME Silver Inlay

### DESCRIPTION

These Whipray™ safety glasses feature frames made with TR-90 material. TR-90 frame technology is extremely comfortable and can bend under pressure resulting in a custom contoured fit for all-day wear. The one hundred percent visually correct cylinder lens is sculpted at a ten-base curve for superior coverage and crisp visual acuity. This model features polarized, precision lenses, which filter out bent light waves reducing glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow. The BH3219PFT also features a PFT lens. Thanks to its chemical and physical properties, Performance Fog Technology is a permanent coating that prevents the formation of condensation on the lenses by absorbing the humidity drops.

### FEATURES

- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and then spread it consistently, providing clear, fog-free vision
- Polarized lenses filter out bent light waves eliminating glare, eye fatigue, and decreasing reflection from surfaces such as water, sand, and snow
- Precision lenses block blue light rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure
- The frame is made with incredibly durable, flexible, and lightweight TR-90 material

### TECHNOLOGY

All Bullhead Safety® Eyewear is made from 100% virgin materials. This style features lenses constructed with the highest quality polycarbonate and frames made with TR-90 (thermoplastic composition) material.

 <b>Z87+</b> MEETS ANSI/ISEA Z87.1-2020 STANDARDS	 MEETS ANTI-FOG STANDARD	 MEETS MILITARY SPECS FOR BALLISTICS	 ENHANCED CLARITY REDUCES EYE STRAIN	 ERGONOMIC FIT RELIEVES PRESSURE
 ANTI-SCRATCH HARD COAT TREATED LENS	 PERMANENT HYDROPHILIC COATING	 FILTERS OUT GLARES AND REFLECTIONS	 RELIEVES FATIGUE FROM BLUE LIGHT	 FILTERS 99.9% UVA/UVB/UVC LIGHT RAYS

- Wrap-around lens with 10 base curve
- TPR temple ends to prevent slipping
- Soft, flexible, non-slip TPR nose-piece
- Meets ANSI/ISEA Z87.1-2020 standards
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard
