

Lens Blue Mirror Performance Fog Technology Polarized

Frame Matte Black

Features

- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and evenly disperse it, providing clear, fog-free vision
- Precision lenses block blue light rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure
- Polarized lenses filter out bent light waves eliminating glare, eye fatigue, and decreasing reflection from surfaces such as water, sand, and snow
- Dual 6-base curve lenses give it a flat front-facing appearance
- Semi-transparent side shields for maximum protection against side impacts
- Feature pop-lock (locking) temples that snap open and shut
- Vented temples increase airflow
- Adjustable TPR nose pads for a customized fit
- TPR temple ends to prevent slipping
- Meets ANSI/ISEA Z87.1-2020 high impact standards
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard

Technology

This style features lenses constructed with the highest quality polycarbonate and temples made with polycarbonate and Thermoplastic Rubber (TPR) materials.
