

**CR609**

# CR609, CR639

Style	Sizes	Kevlar® Construction	Protection
CR609	7,8,9,10,11	<p><b>The Tsunami Grip Tuff™ Hybrid</b> CR609 is a 13-gauge seamless knit glove that represents the latest development in high performance, cut-resistant fiber technology. The superior cut protection comes from an engineered yarn using a propriety wrapping process. The combination of Kevlar® and high strength fiberglass fibers combine to give a European EN 388 level 5 cut resistance. High dexterity 13-gauge glove. 1525 grams on American ASTM F-1790 for American level 4. The Hybrid also uses the propriety two step nitrile that gives grip similar to foam/air injected nitrile but will not saturate through the coating. CR639 is a 3/4 dipped version for more back of the hand protection sizes (7 S to 10 XL)</p>	<p>Offers cut resistance level ASTM level 4 EN level 5 Cut protection.</p>
CR639	7,8,9,10		

**Applications:**

Industrial protection handling sharp materials with glass, sheet metal or razor sharp steel. Auto assembly, part assembly and handling sharp edge objects.

**Qualities:**

- Excellent tactile dexterity and cut protection
- High cut resistance, ASTM level 4
- Tsunami Tuff™ nitrile gives outstanding grip w/o oils saturating through.
- Machine washable
- CR309 same as above with excellent rubber grip
