

CR900LF

The CR900LF provides the latest technology in comfort and cut resistant gloves. The Composite HDPE 7 gauge liner is a revolutionary new engineered enhanced Tuffalene™ HDPE yarn that brings exceptionally high cut resistance along with incredible dexterity and tactile sensitivity. Kevlar® sewn premium cow grain leather palm base with an A-grade cow split second layer on the base palm and forefinger extending glove life and greatly improving launder ability. This super lightweight shell provides ASTM F-1790 level 5 and EN level 5 cut resistance. The CR900LF provides outstanding wear and cut protection for the most harsh metal handling environments and those who want high levels of protection. The CR900LF comes in sizes Small, Medium, Large and X-large.

Applications:

Used wherever material handling of sharp objects such as glass, sheet metal or razor sharp steel.

Qualities:

- Highest level of cut protection
- Kevlar® Sewn
- Double Palm Leather
