

Duo SmartWiper™ #DUOWIPER200 - 10" x 10", 200 wipers/package

Double-sided SmartWiper gives you the option of a soft cleaning wiper or a tough, abrasive scrubbing pad all in one.

- Dual-purpose cloth handles tough grease and grime, as well as soft touch jobs
- Black side is mildly abrasive, providing controlled abrasion for removing rust, deglossing finishes or removing stuck-on buildup; ideal for non-sensitive surfaces
- Green side is soft and wipes grease, grime and oil away; can be used as an applicator pad for wipe-on finishes and for polishing metal
- Replaces multiple rags and simplifies cleanup and prep
- Made of 100% cotton terry with a plastic resin coating and 100% polyester edge trim; won't break down or shed rust like steel wool
- Washable and reusable; designed for extended use
- Flexible, clothlike design bends and folds to reach corners, grooves and tool edges; hemmed on all sides for strength
- Wiper cleans and scuffs in places where rigid pads can't, ensuring machinery and tools and tools are spotless even in hard-to-reach areas
- Optimally sized for any task; large enough for surface wipe-downs and compact enough for detail jobs
