Disinfectant Boot Bath is our hygienic boot sanitizer mat used wherever there is a concern for cross-contamination. With the disinfectant solution, boot bath helps prevent contamination of your workspace. Aggressive rubber fingertips scrape the bottom of boots reducing the risk of cross-contamination. 2" raised wall holds disinfectant to reduce splash.

APPLICATIONS

- sterile environments
- healthcare facilities
- food industries
- barns, and stables

FEATURES

- SBR rubber made to withstand heavy-duty usage
- Yellow raised edges for high visibility and increased safety
- Contains 30% recycled materials
- Easy to clean and maintain
- Can be used with any USDA accepted disinfectant sanitizer
