

SOFT & SILKY

800 mL, 1000 mL and 1200 mL Boxless Bags (Bag-In-Box)

No More Outer Cartons! Our Bag-In-Box dispensers are made with interior rails to support the “Boxless” refill bags. This eliminates the need for wasteful outer cartons.

800 mL - The most common bag-in-box size and designed to fit most competitive dispensers.

1000 mL - Save Money! Fits 800 mL dispensers for less money than traditional bag-in-box.

1200 mL - Lasts longer, requires fewer change outs and reduces labor. Utilizes the shorter, large diameter dispensing tube.
