

HEAD PROTECTION

High-Visibility Rechargeable Hard Hat LED Light Band

ITEM **HH-LED1**

FEATURES

- Rechargeable battery pack lasts approximately 16 hours and charges in less than one hour
- 13 bright white 180 lumen LED lights provide extra visibility
- 3M™ Scotchlite™ reflective material provides 360 degrees of extended visibility
- USB mini charging cord included
- Three light patterns: Solid, steady blink and burst blink
- Easily attaches to hard hats using the included hook and loop closures

DESCRIPTION

This lightweight high-visibility LED light band is designed to fit on top of hard hats to increase worker safety and visibility. Made with 3M™ Scotchlite™ reflective tape, 13 bright white LED lights, and a rechargeable battery box, which makes it convenient to stay powered without the need to carry extra batteries.

Directions:

Turning on/off: Press the power button for two seconds

Change light pattern: Once on, tap the power button to change between the three light patterns
