

Insulated Waterproof Winter Gloves

HR3222INT

HR3222INT Sizes: Medium - XL

Features:

These premium, high-visibility, drivers style winter gloves are constructed with an AireFlex® synthetic leather palm and flexible spandex on the glove back. Featuring a waterproof barrier inside, the 100 grams of Cold Keep® insulation help provide warmth in frigid conditions. These gloves also have a reinforced thumb and fingertips for extended durability.

Benefits:

- 100 grams of Cold Keep® insulation for warmth
- Waterproof barrier inside keeps moisture out
- Contoured form reduces hand fatigue
- Reinforced thumb and fingertips

Applications:

- Automotive
- Delivery
- General Purpose
- Material handling
- Cold Storage
