

Hospeco® Heavy-Duty White 16x16 300GSM Microfiber Cloth

The Hospeco® 16x16 300GSM Microfiber Cloth is designed for maximum absorbency and long service life. Made from 80% polyester and 20% polyamide, split fibers lift and hold dust, dirt, and liquid for fewer passes. The thick pile absorbs spills quickly and leaves surfaces streak free in wet or dry use. Reusable and machine washable, supports color-coded systems to reduce cross-contamination. White color highlights soil visibility.

Key Features

- Thick pile absorbs more liquid per use
- 300 gsm construction
- Lifts and holds fine dust and debris
- Works on glass, counters, and metal
- Strong enough for industrial cleaning
- Reduces need for harsh chemicals
- Durable, withstands frequent laundering
- Streak-free performance on mirrors and glass
- White color highlights soil visibility
- Scratch-free on delicate surfaces
