

Premium, Multi-Function, Cooling Neck Gaiter, **Underwater Wildlife Design**

DESCRIPTION

This lightweight, tubular, cooling neck gaiter is designed to be worn in multiple different ways such as a face guard, beanie, balaclava, headband, hair tie, helmet liner, and much more, making it extremely versatile. It grants protection for the neck, face, head, and ears from the sun, wind, insects, and dust. It also helps keep skin cool and comfortable which aids in maintaining hydration.

Each item is individually hang-tagged for retail sale.
