

Lens Indoor/Outdoor Anti-Fog

Frame Shiny Black

Description

The Riley® Vesper™ delivers a balance of style, comfort, and protection for industrial and outdoor environments. Its 8 base curve sports wraparound frame provides full coverage with a sleek, modern look. Designed for long-term wear, the dual-injected soft temple arms and TPE nosebridge ensure a secure and comfortable fit. Constructed from durable TR90 thermoplastic and TPE materials, the half-frame design offers lightweight flexibility and strength. Equipped with polycarbonate lenses, the Vesper protects against impacts and UV radiation, making it a dependable choice for professionals who value performance and style.

Technology

This style features lenses constructed with the highest quality polycarbonate, temples made with Thermoplastic TR90, and the nose piece and temple ends made with Thermoplastic Elastomers (TPE) material.

Features

- All UV400 lenses are fully coated with a premium anti-fog and anti-scratch solution
- Dual 8 base curve lenses for 100% visual clarity
- Flexible and lightweight half-frame design
- Vented temples increase airflow
- Meets ANSI/ISEA Z87.1-2020 high impact standards
