

### Lens Clear Performance Fog Technology (PFT)

### Frame Matte Black

#### Description

Compact and innovative, the Sparta™ range delivers dependable safety eyewear for dust-intensive environments. The Sparta Compact™ Goggle is an ultra-lightweight, low-profile solution designed for maximum protection and visibility, weighing just 34 grams. Its soft, wide TPE face seal and fully adjustable, detachable strap provide exceptional comfort and a secure, personalized fit. Combining stylish design with robust performance, it offers reliable protection against liquid droplets, large dust particles, and impacts—making it a versatile, metal-free choice for modern industrial safety needs.

#### Technology

This style features lenses constructed with the highest quality polycarbonate, frames made with Thermoplastic TR90 and Thermoplastic Elastomers (TPE) material.

#### Features

- Tecton 400 Coating: Better than traditional anti-fog, this hydrophilic anti-fog lens coating is a strong, durable coating made for spreading condensation into a transparent film rather than droplets, providing clear, fog-free vision
- UV400 coating is a UV absorber added into the polycarbonate material, which enhances protective capabilities against harmful UV rays
- Ultra slim and lightweight, weighing just 34 grams
- Soft, wide, and comfortable TPE face seal
- Forms a seal, providing protection from dust, airborne particles, and orbital impact as well as a liquid splash shield
- Lightweight goggle featuring a low profile and adjustable strap
- Fully adjustable and detachable head strap for easy donning and doffing
- 100% metal free
- Dielectric/nonconductive construction
- Meets ANSI/ISEA Z87.1-2020 high impact standards
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard

MEETS ANSI/ISEA Z87.1-2020 STANDARDS
