

# RPD2001

**Part**

**RPD2001** • Metal Detectable Reusable Corded Earplugs

- NRR 27dB
- Reusable corded earplugs are embedded with an iron ball for metal and magnetic detectability.
- Plugs offer three flanges of soft rubber polymers, forming a cozy seal for all size ear canals.
- The pre-molded earplug is constructed of flexible rubber wrapped around a pocket of air for superb comfort. Contains no latex.
- Exceeds ANSI S3.19 Requirements
