

TenActiv™ | S21TXUFNLTC

Maximum cut protection with reinforced thumb crotch for durability

ABOUT THE PRODUCT

The TenActiv™ S21TXUFN is the world's first 21-gauge glove to deliver the highest-level of cut protection. With a barehand feel, it also provides both durability and puncture protection without sacrificing flexibility. The ultra-thin nitrile palm coating offers a strong grip that won't slip, all while being touchscreen compatible.
