# 93709MK

## CutPro Sleeves

### Specification Sheet

#### **PRODUCT DESCRIPTION:**

DuPont™ introduced their “Dare Bigger” campaign at the Winter X Games. MCR Safety chooses to Dare Bigger with our new woven DuPont™ Kevlar® gear. The 93709MK is an ambidextrous 9 inch sleeve with an adjustable hook and hoop to accommodate multiple sizes. This amazing sleeve scores an ANSI cut level of A9 and provides ANSI level 3 puncture protection. The ANSI conductive heat rating is level 5 and is recommended for applications less than 608 F. The unique woven DuPont™ Kevlar® will not slide down during your arm during use helping you stay safer at all times. The spandex / lycra wrist insert with thumb hole assists the sleeve to stay in place when you wear gloves. Offers puncture protection from wires, metal, wood and glass over the entire forearm. The 93709MK cut resistant fire resistant Kevlar® sleeve is an excellent choice for those dangerous applications where the highest levels of cut resistance is needed. Great for glass handling. Choose the best cut resistant sleeves, choose MCR Safety sleeves!

#### **FEATURES:**

- 9 Inch Sleeve
- Modacrylic/Kevlar® blend
- Adjustable hook and loop to accommodate multiple sizes
- Spandex / lycra wrist insert with thumbhole
- ANSI Cut Level A9
- ANSI Puncture level 3
- ANSI Contact Heat level 5

#### **APPLICATIONS:**

Agriculture, Bottling, Canning, Carpentry, Construction, Demolition, Glass handling, Lumber industry, Manufacturing, Material Handling, Plywood industry, Recycling, Sheet metal industry, Warehousing
