93719MK

CutPro Sleeves

Specification Sheet

PRODUCT DESCRIPTION:

DuPont™ introduced their “Dare Bigger” campaign at the Winter X Games. MCR Safety chooses to Dare Bigger with our new woven DuPont™ Kevlar®. The 93719MK is an ambidextrous 19” sleeve with special pleated elbow for greater flexibility. This amazing sleeve scores a ANSI cut level A9 and a puncture level 3. The ANSI conductive heat rating is level 5 recommended for applications less than 608 F. Offers puncture protection from wires, metal, wood and glass. The 93719MK includes a clip at the top helps keep the sleeve in place. The spandex / lycra wrist insert with thumb hole assists the sleeve to stay in place when you wear gloves. Offers puncture protection from wires, metal, wood and glass over the entire forearm. This cut resistant fire resistant Kevlar® sleeve is an excellent choice for those dangerous applications where the highest levels of cut resistance is needed. Great for glass handling. Choose the best cut resistant sleeves, choose MCR Safety sleeves!

FEATURES:

- 19 Inch Sleeve
- Modacrylic/Kevlar® blend
- Special pleated elbow for better flexibility
- Spandex / lycra wrist insert with thumbhole
