M0991

MCR Safety Multi-Task Multi-Task Specification Sheet

PRODUCT DESCRIPTION:

MCR Safety® and Mossy Oak® Brand Camo have teamed up to bring you an amazing line up of Shadow Grass® Blades® gloves and glasses. Shadow Grass® Blades® features a precise arrangement of individual blades of grass, whether windblown, broken or bent, onto a background of thatch consisting of lesser or dead grass, to create the perfect pure grass pattern. Carefully placed shadows from the main grass arranged atop the thatch, which incorporates light to dark spots as seen in nature, creates depth that gives Shadow Grass® Blades® a realistic 3D appearance. The M0991 multi-task gloves feature a Premium honey gold goatskin palm that scores a high level 4 abrasion when tested to the ANSI 105 standard. The palm is reinforced with D3O® material to assist with impact and vibration. The fourchette areas (between the fingers) and the thumb crotch are reinforced with honey gold goatskin material for dexterity and strength. The back of the M0991 features the Shadow Grass® Blades® pattern breathable material. This glove has an open cuff for ease of donning and doffing. The wearer ID panel provides the worker a way to mark their own gloves.
