

## TAK515

Taeki 5™ technology uses a revolutionary duracore spinning process and an innovation silicon reinforced fiber. The technology advancements in our engineered yarn bring you the exceptionally high cut resistance without sacrificing dexterity and tactile sensitivity. Yellow color with reinforced thumb crotch for extra protection and wear. Level 4 ASTM cut protection. Comparable heat qualities to Aramid/Kevlar. Can also be bleached and will not degrade in sunlight. The TAK515 is available in small, large and extra large.

### Applications:

Used wherever material handling of sharp objects such as glass, sheet metal or razor sharp steel, as well as where grip and dexterity is a key issue.

### Qualities:

- High level cut resistant hand protection
- Reinforced thumb crotch
- Level 4 ASTM cut protection
