Product Description

The **X7** is an ultra-lightweight, dielectric safety glass that combines a rimless design with performance-driven features.

Equipped with ClearGARD™ Hydrophilic Anti-Fog Coating, the **X7** resists abrasion, chemicals, and UV exposure. This technology absorbs moisture to prevent fogging, while the anti-scratch coating enhances durability.

Meeting ANSI Z87.1+ standards, the **X7** features impact-resistant polycarbonate lenses and durable frames, providing optical clarity and 99.9% UVA, UVB, and UVC protection.

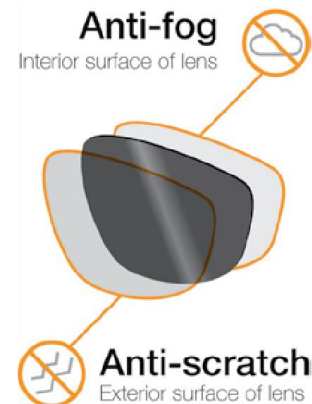

The **X7** is the ultimate choice for professionals who want to **see clearly and stay safe**.
