

# FireArmor SR-X 8181

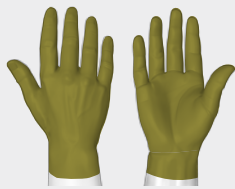

Built to battle high heat and intense situations, FireArmor® SR-X® structural firefighting gloves keep hands safe, comfortable, and dexterous while fighting fire. Gloves are equipped with inner liners of 360-degree heat and liquid resistance, for both maximum protection and peace of mind. The exterior water-resistant and flame-resistant cow suede provides unsurpassed comfort and dexterity right out of the bag, even after repeated use and washings.

FireArmor® SR-X® gloves are compliant and certified to NFPA 1970-2025 for the ultimate firefighting glove on the market.

Flame resistant

## Protection zones

Nomex® and H2X+™ liners for 360° thermal protection and full FR moisture barrier

TPP>60
