

HELIX® 1032

HexArmor®

Innovation intertwined with full-range seamless safety. That's the DNA of the Helix® Series. The general purpose Helix® 1032 features an incredibly dexterous 18-gauge polyester/nylon blend shell to deliver a highly comfortable protective knit option that you can count on day in and day out for a variety of tasks.

The specially formulated polyurethane palm coating gives wearers a textured, slightly tacky feel that delivers abrasion and puncture resistance at the palm, as well as a solid grip in dry or wet situations. The 1032 also includes touchscreen capabilities.
