

Stat-Control

#920

DRY AREA | ANTI-STATIC

Stat-Control has a smooth conductive surface with foam backing that protects components from static damage. Static dissipative surface ideal for office or industrial environment. As an anti-static mat, Stat-Control will help you keep data and electronic equipment safe. PVC foam backing offers good anti-fatigue relief while standing

APPLICATIONS

Provides a medium duty solution for dry areas - computer work stations and terminals, cashier stations, and test/electronic station.

FEATURES

- Resistivity of 10^6 ohms per square
- Beveled edges and smooth easy to clean vinyl surface
- Stock mats include one ground cord, which can be connected to an electrical outlet. It is recommended to use one cord per 10 feet.

MAT SIZES:

2' x 3' 3' x 5' 3' x 12'

ROLL SIZES:

3' x 75'

Total customization: Available - custom cuts need one ground cord per 10' (sold separately)

WARRANTY: Total Confidence

Prop 65 WARNING: 65003
